# Tess Jetnikoff

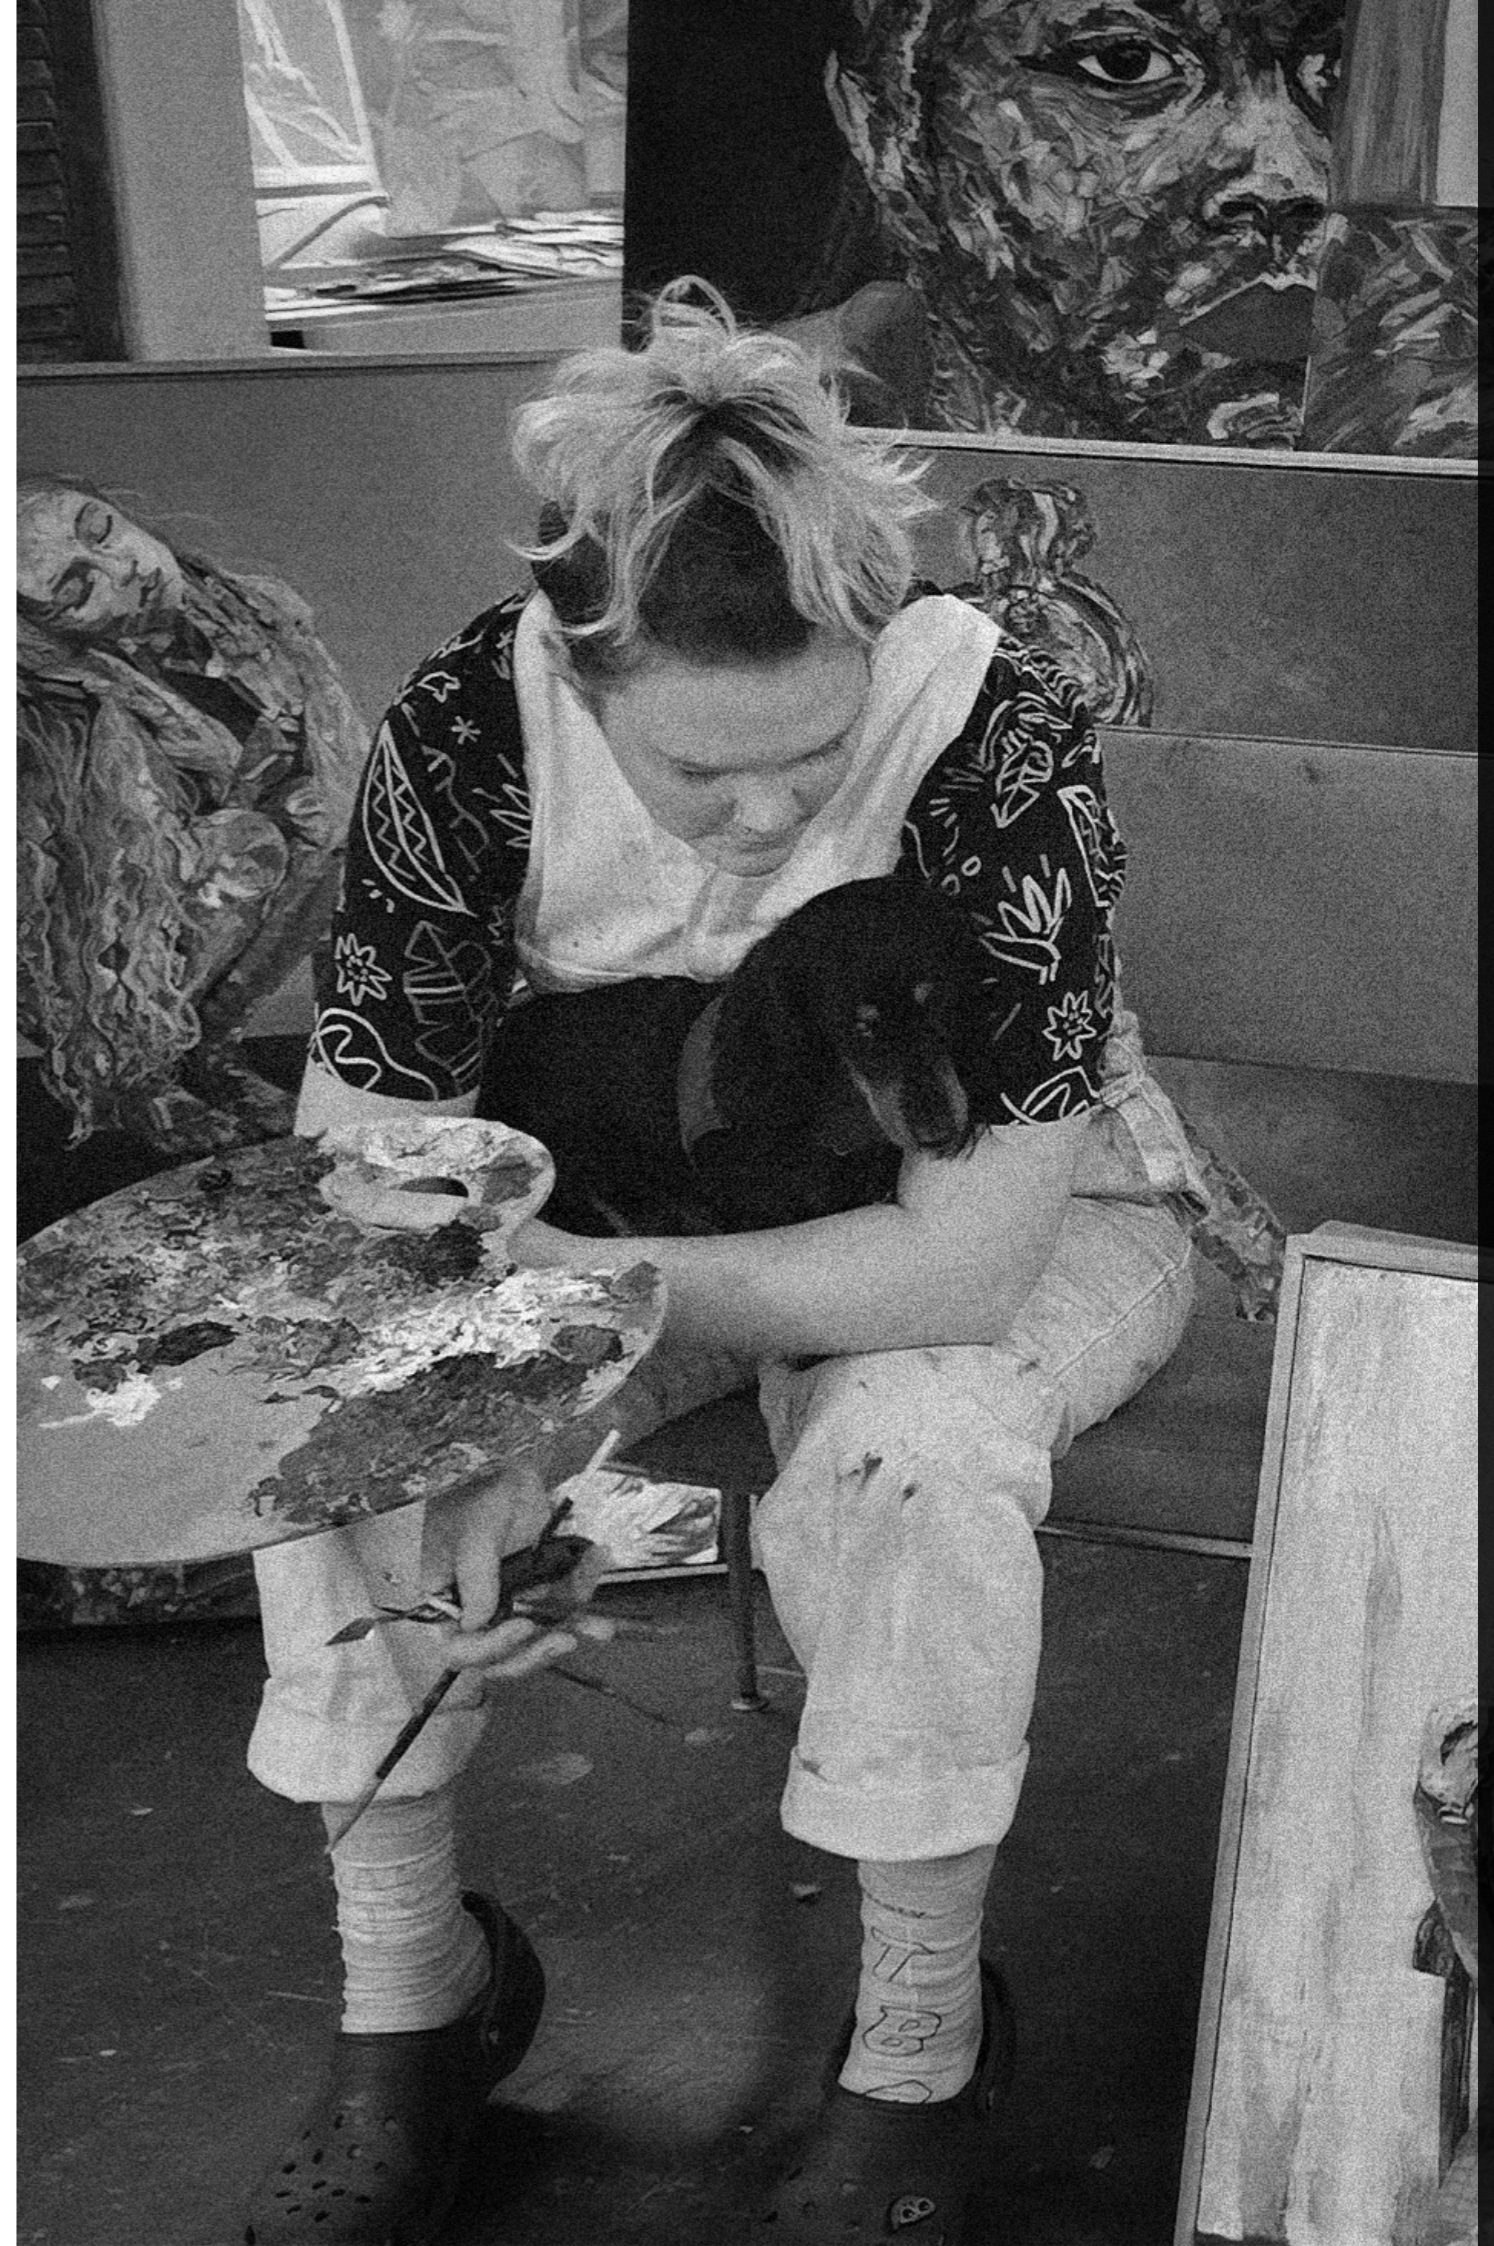

Tess Jetnikoff, a self-taught artist residing on Wadawurrung country, has been drawn to art since childhood. Her work is characterized by intense colors and textures reminiscent of Fauvism.

Using palette knives and high-quality oil paints, Tess creates thick, dynamic layers of contrasting colors and textures. Her painting process is primarily intuitive, guided by her subconscious mind. Emotions dictate her choices, from subject matter to colour selection for each piece.

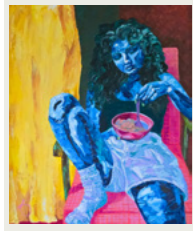

Her art evokes a range of emotions, from darkness and grief to calmness, desire, and themes of female empowerment.
